## **Small Group Questions**

- 1) It seems like there are two types of people: those who can tune out (or space out) any distraction, and those who can't. Are you one or the other?
- 2) Do you tend to have more anxiety about the past (shame and guilt) or the future (worry and uncertainty)? Can you articulate why?
- 3) Lem mentioned singing as one way he experiences the presence of God. Is there a certain activity, practice, or place where you experience the presence of God?
- 4) For many people, certain scriptures give a sense of God's presence. Are there any you have memorized that do this for you?
- 5) Can you name one major obstacle in (external or internal) that is blocking you from recognizing God's presence in your daily life?
- 6) How can we pray for you right now and throughout the week?
